

Printable PVDC Coated Layer

Polypropylene Core Layer

Treated Sealable Layer

# SUPCOAT 7012 MDC

## Description

SUPCOAT 7012 MDC is a transparent, coextruded, biaxially oriented polypropylene (BOPP) film with one side PVdC coated for high barrier property.

Treated side has standard heat seal property.

PVdC side has high surface tension and can be printed with suitable inks formulated for this surface. It is advised to consult with ink manufacturers and/or to approve at present conditions.

#### **Properties**

- · High clarity and gloss
- Excellent oxygen, gas and aroma barrier
- · Excellent ink and lamination adhesion on coated side
- Excellent heat seal strength
- The film shelf life is 6 months

## Applications

Specially designed for flexible packaging applications where high barrier to oxygen, humidity and aroma barrier is required.

Regulatory Status

Our product complies with the applicable EC legislation on packaging involving direct contact with foods except metallized films. Full details are given on the Regulatory Compliance Certificate and can be found on our web site.

The information contained in this data sheet is true and accurate according to current state of our knowledge and intented to give general information on our products and their applications. Above values are to be considered as guidelines and not as product specifications. Since the actual conditions of use are beyond our control, users are advised to make their own tests at their specific conditions of laboratory and/or actual use. We suggest our customers to determine final suitability for their specific end uses.

Also be advised that information on this data sheet shall not be construed as an inducement or recommendation to use any process or to manufacture or use any product in conflict with existing, pending or future patents. The film shell life is 6 months. Also the film should be stored away from sunlight and without moisture. Modified PU based ink series offer good adhesion and printability.

For related spec sheet with tolerance values, please contact our sales departments
